

## Haggard & Worn

Haggard & Worn are a strolling acoustic western duo featuring "Kin Haggard" and "Worn Out".

# Bands Calgary

Worn Out plucks his dusty old washtub bass while Kin Haggard plays the best Geetar this side of the Rio Grande!

Imagine timeless melodies of such western classics as "Tennessee Waltz", "Tumblin' Tumbleweeds" and "Home on the Range", all in beautiful two part harmony.

The sound is unplugged, leaving "Haggard & Worn" free to roam around and entertain folks in line for grits or right at the dinner table.

"Haggard & Worn" have been buffalo herded, whiskey tested and women trained! These cowpokes are the genuine article, and they take their music very seriously. But that doesn't mean they don't love to tell stories and crack a few jokes too... not to mention show off some of their impressive rope tricks.

Just listen to what them city folks had to say about them...

"A formula for success at any and all western theme functions" – Robert Wise, Spruce Meadows.

"The Haggard & Worn show is a natural out here! The guests love the personal contact and the good honest humor" – Gloria Cowley, General Manager, Rafter Six Ranch.

"Haggard & Worn had the children and volunteers rockin' with delight... and it wasn't turbulence either!" – Lucille Parkinson, Air Canada, Dreams Take Flight.

"Haggard & Worn" are unique western entertainers, perfect for gatherings large or small. They fit in

where ever a western theme is appropriate... company parties, weddings, rodeos, barbecues and of course, just about any Stampedede functions.

Make your next function truly unforgettable with "Haggard & Worn"
